

Ordering Safety Shoes from the ATS Online Store with the Annual Employee Allowance Benefit

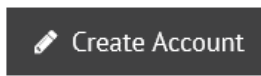

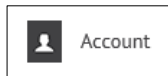

ATS provides all employees working in a location requiring safety shoes with an annual allowance of \$130 through the ATS Online Store. Employees will receive an email once a year, notifying them that they are now eligible for their annual allowance.

For example, an employee receives their shoes in January. The following January, he will be eligible again and will receive a notification. Employees not in the eligibility window can still purchase safety shoes with special ATS employee pricing.

1. Visit www.atsonlinestore.com to create your account.

This is not a Single Sign-On, so this password will be unique for the ATS Online Store, however you must use your ATS email address. Click “Account” in the upper right hand corner and then create account.

2. Login to see the products available from ATS.

Now that you have established your account, you will be able to see the Harvard Distribution Products tab.
